

Q.45

Q.45

The Q.45 is our most customizable fixture.

As standard we offer the Q.45 fixture in a variety of circular dimensions, the variety of shapes are endless and upon request we can produce almost any shape. Some examples of the shapes are ; oval, circular, triangular or straight.

The Q.45 can also be fitted with up-light, that way the fixture is ideal for general lighting as well. The material can be aluminium, brass or even stainless steel. All RAL colours are available, or even a polished (aluminium or stainless steel) finish.

Dimensions are endless en can go up to Ø4500mm, depending on the requirements
